

## ”Please come’s towards us forwant towards the god...!”

### God:-

The god is the name of enteric, atomic, energetic particles which is generated due to friction of two enteric atomic particles & This is the god lived in our unconscious mind usually There for each & every hear t& all of the nature are permanently his home .The glad & price of mind is the main property of the god salience is his language clean love feeling is his heart & he is consists all over good & bad thing of the space so that all them good & bad his property present& shown every time to time in our life throughout our mind thinks’ & thought along with overall ours behavior & work's as per our luck 's when we are decided except to him in our life...? then we ready to except completely to him along with good & part not only in completed a longing bad part & excepting only good part of him but we are demand his good part only from himself...?for excepting in our life...! Are this good or bad...?are this possible in our life Pl. decided to it as per yours wish Why...?how is possible in our's..?it’s a very dangerous & harmful to us in our life because he will be done destroyed & disturbance to us tor making unsuccessful to us only in our overall life through our unconscious mind as per our luck's particularly time to time in our life their four there four why are we getting & excepting him in this way to him his in completed & half portion in our life .our god is only one & he one is all ..! there four why are we divided along split ping him in various separation for our self selfish are this right or wrong....!ok...! that is your lookout there for pl. decided it yourself ...!each & every one of the generated & born from him..!& each & every one not only live in him but each & everyone will be dissolved in him after destroying itself..!There for he is a only one is our owner in this all over the spices...! And each & everyone along with everything are his instrument all over the his various types of work’s there for he will be motivated each & every one as per our luck in this spice time to time

for generated our work along with managing & monitoring it..! in this way each & everything along with each everyone generated maintained in the space as per his nature planning works in the types of work's various differentiation instrument as per his working requirements time to times in this ways all the nature & each & everything along with everyone are working & motivating along with inspired from his wish there for he is monitoring along with controlling to us as per due to our selfness which was lived in our mind..! Which is never false...? Therefore we say our mind & Nature is both sides of the god & he lived always in there each & every times it's can't be false in anywhere, anyway & anytime

### **Tit for tat :**

Everyone man should be becoming all ready consisting with a dynamics exploding explorer explosion him sells but he does 't know method how to utilize it himself in his life there for so that credits arise on its and he will lost its property in his present life staidly conditions when he know & learn its utilization methods about it from its specialist then he will be á receive & recovered overall its previous property & in this way he completed recovered previous remaining human abnormal dynamic exploding lifestyle stage in his present after all & overall whole life

Adopt simply meditation & avid medicine in your life

### **Simple meditation :-**

sit down in sukhasan & set yours internal receivers along with connecting the all disconnected connections towards outer natural safelights for catching & receiving them telecasted

Then Startup communications between both...! & Recovered energy from its by yourself natural auto filling system..!

The present cost Reservations are root of each & every co-operation overall in our society & country if we every one each will try to catching & receiving first

then automatic stop & finish the every & each types of all corruption in our society's & overall our countries

### Work:÷”

Our fillings is some of our's each & every work which generated & motivated along with controlling as per our luck & our god always put our luck's in our mind “Ours thought are our self introduction & our properties develop our attraction but our work is give permanently & personally identify to us for long times All over Our work's divided in two divisions one's is outer conscious mind causes work's which generated & performed as well as totally depending up on the present outer physical conditions & situation & seconds are internal unconscious mind causes work which generated & motivated as per our luck they factor generated present working work & present working work 's boran our future luck in this way our mind control our whole life along with given speed & directions as per our luck which we put in himself during last life Working work's

Our mind consist & divided in two part one is concuss & second are unconscious

1.) Concuss mind commanding our unconscious mind along with he control our physical movement & our unconscious mind acts as per our luck & received vigil pitcher order vegan from our concuss mind when he connected with both them

2) unconscious mind:- We are know used our mind & nature in our whole life up to still ours death fifteen percent only eighty five percent our unconscious mind becomes unknown & unused up to still our deaths. He is becoming a owner of lot off wondering magical dynamic supersonic censer properties along with all & everyone art he is able for each & everything generated husbandry, destroyed & monitoring along with controlling to them he is commended overall our self & overall our nature in proper order & good conditions along with communion between each other time to time he is able for generated,

husbandry & destroyed complete space also through utilizing his super sainice censer spiritual power just like god his some super since censer properties are as bellow:-

- 1.) Minutely observations & automatically alarm along with air-conditions
- 2.) Molded each & everything along with himself as per situation for his protection in his strong & weak conditions
- 3) Meditation
- 4.) Commanding birth & death as per wish
- 5) Imagination
- 6) all types emotional & physiological felling
- 7) super since censer wondering & unimaginable property & power Such as:-
  - Auto- sencion,
  - Auto filing
  - Reki,
  - hypnotism
  - Memorized
  - Telepathy

### **Audio & visualization**

Manufacture construction along with consisting production, husbandry & discard along with Control on all over space & all of us, investigations & discovering along with commending everybody each & everything, knowledge of past present & future tens along with all over space & each & everything of the nature, all powers & properties of god etc.

Therefore we say our mind & Nature is both sides of the god & he lived always in there each & every times it's can't be false in anywhere, anyway & anytime

Not false that, Unity is the low but when..? Unity are given power to our's for making strong outsells then Not false that, Unity is the low but's separation make a weak & powerless to us if's real truth facts in our Every one

thirsted & hunger for love only in the spice their for how, we are not expect for it...? We are almost know very well that each & everyone done our used only for their in selfish needing work 's along with when they're want ours need then they taking us them near finished their own need after completed their work then they are throws us pass away from them. Along with showing that they can't recognized to us. But we are completed bounded from lovely bound of each every relation duty &its responsibility limit their for what &how can we do so that we fully helpless in that conditions

Equation of success= target fixing+ planning &Monitoring + Regularly daily hard work by our mind
